COMMANDER'S MINUTE

Over thirty days ago many Packhorse, Pioneer, and Tomahawk Soldiers deployed under the banner of Task Force (TF) Tomahawk to locations throughout Afghanistan to support Operation Resolute Support and Inherent Resolve.

While the majority of the Task Force Soldiers are serving under the Raider Brigade leadership within the Train Advise Assist Command - East (TAAC-East), there are small groups of Soldiers serving on six other bases within Afghanistan. Leaders at echelon selected individuals with the skills and talents necessary to meet mission requirements at each of the locations. TF Tomahawk Soldiers are serving as security forces and guardian angles for Afghan Army and Afghan Police Advisors.

They are flying UAS systems, collecting and analyzing intelligence, providing communication and signal support at both large built up bases and small remote austere locations as well. The entire team forward is fully trained, discipline and motivated to be once again answering the Nation's call. I could not be more proud or honored to be leading America's best. "We Serve!"
